Evergreen Wreaths

All our wreaths are made by hand, by workmen with years of experience. They can be made round or flat, either way preferred. All extra heavy, double face, on heavy frame bound with strong wire. If the size you want is not listed below, we can make any size you want. Also can make the flat wreaths especially wide, for instance 36" size as much as 12" wide, for small additional charge. Illustration on inside page. All our wreaths are beautiful, but for a wreath that will outlast all others suggest your using one of the beautiful Southern Balsam Wreaths, which are round, heavy and fluffy, not the flat light type found in the Northern and Western Balsam. The Boxwood will also last for months. Prices are quoted on quantity of one dozen; less than this amount add 20 per cent to price; quantities of 200 wreaths or more deduct 10 per cent; quantities of 500 wreaths or more deduct 15 per cent.
